

Winter League

The BRC indoor smallbore league is Monday nights from Fall through Spring, 5 – 9 pm. Shooters fire 4 strings of 10 shots on the A36 target with .22 rifles, no more than one string from the prone position. Either scopes or iron sights are OK. It's a good way to keep your eye in during the winter, and smallbore is a fiendishly precise test – the A36 target will show you every result of your experiments with positions. We are beginners (limited coaching available), hunters, 3-position shooters (Olympic style), silhouette, biathletes (2 position), and high-power shooters. We award prizes for the categories at an annual banquet. Cost for range fees and prizes is \$40 per half, \$80 for the full season. For details, Earl Perry at 303 233 3110 or earlp@idcomm.com.
